

Walter™ 3 Patch_090417 Guide

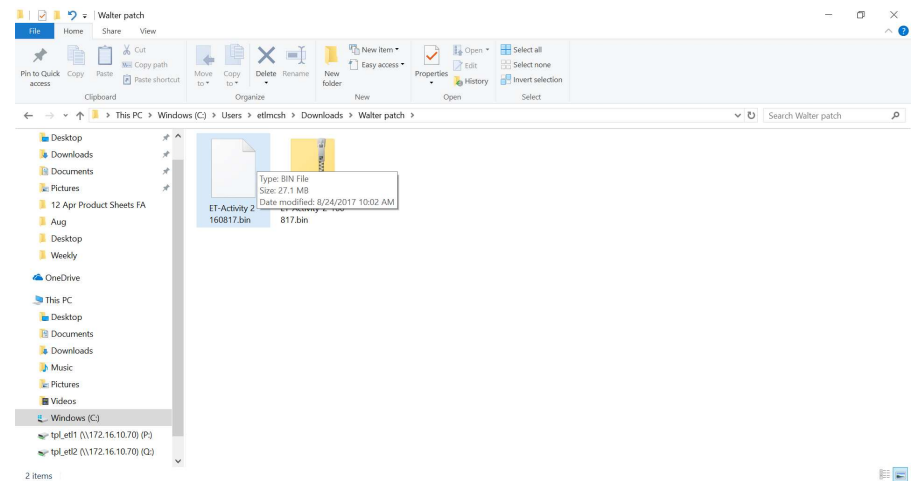

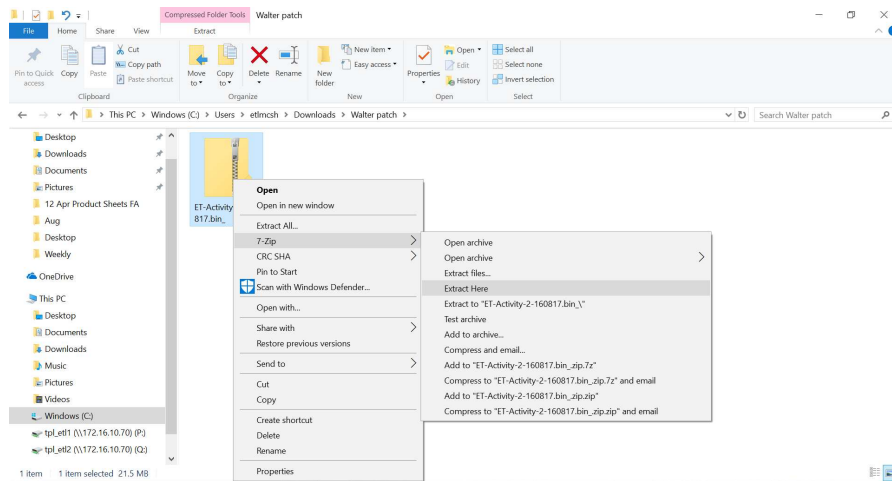

Step 1: Downloading the patch file

- Click on the link http://www.etllearning.com/wp-content/uploads/2017/08/ET-Activity-2-160817.bin_.zip to download the zipped file (*ET-Activity 2 160817.bin*).

Step 2: Extracting the patch file

- Unzipping the file by right clicking the file, mouse-over the name of your unzipping software (7-Zip/Winzip/Winrar), thereafter, you can choose the option of ‘extract here’ to successfully extracting the file.

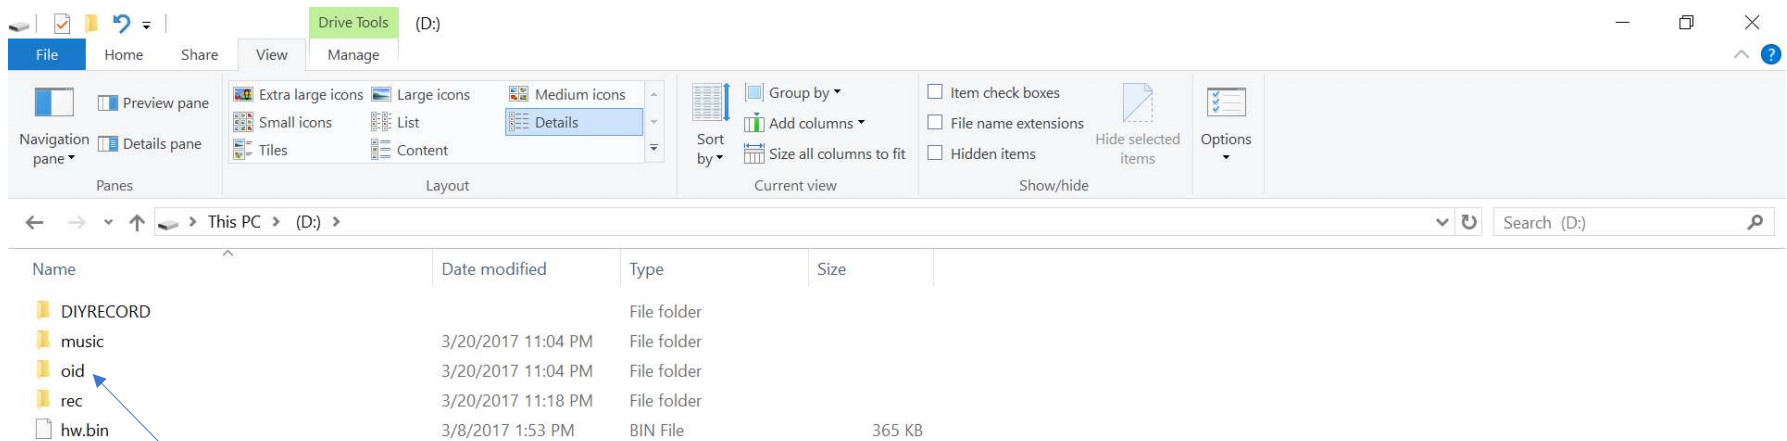

Step 3: Connecting your Walter™

- Using the Micro-USB cable provided, connect your Walter™ 3 to your computer.

Step 4: Transferring of patch file

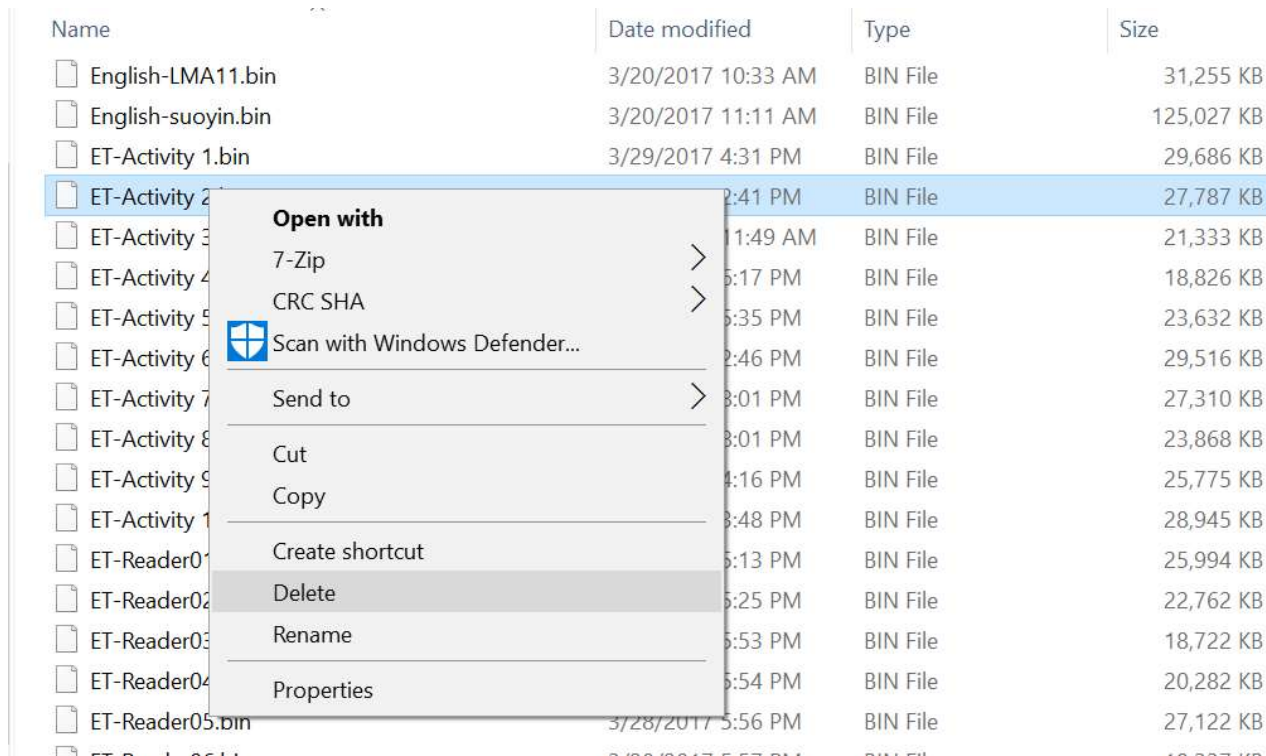

- Look for the connected Walter™ 3 (*on either D: or E: drive*)

Open the folder named "oid"

Step 5: Delete the previous file

- Delete the file named (*ET-Activity 02.bin*)

Step 6: Replace the patch files

- Copy the extracted file (*ET-Activity 2 160817.bin*) and the update is completed!
