

Learning Math with Albert

Quick Start
Guide

LMA is a complement app for ETL Learning's "Learning Math with Albert" package.

Join Albert and his sister, Annie, as they embark on an exciting journey filled with many adventures and obstacles which they will need to overcome with mathematics! LMA app is an interactive game which encourages your child to use mathematics to solve puzzles as he explores the world with Albert and Annie.

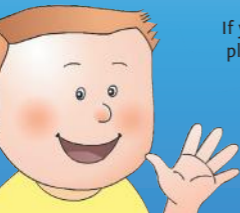

Getting Started

LMA app works on iOS, Android devices and Windows computers.

1. LMA App is available in the App Store, Google Play and the ETL Learning Website (www.ETLlearning.com).
2. When you run the LMA app for the first time, you will need to enter the access code* (provided in the LMA package).
3. Level 1 to 3 will be accessible upon activation.
4. The activities for each level can be downloaded or deleted individually.

* You may activate up to 3 different devices using your access code. Please include spaces when entering your access code.

If you have any questions regarding this app, please contact your local distributor or visit
